

Scope Freeze — V1

Project: Aarvii CCTV AMC Management System **Phase:** D0 — Project Foundation Documentation **Source of truth:** requirements-freeze-v1.md (Approved & Frozen, V1)

This document restates the frozen scope for quick reference. It introduces **no** additions, removals, or modifications. On any discrepancy, requirements-freeze-v1.md wins.

1. In scope (V1)

Area	Scope	Freeze ref
Public website	Business showcase, lead generation, AMC plan info, contact inquiries, quote requests at www.aarvii.in ; reuse existing content where possible	\$2
Lead management	Lead capture (auto from website), lifecycle to conversion (Customer + Site + Initial AMC Contract)	\$10
Customer & site management	Customers with multiple sites; ≤3 contact persons per site	\$5, \$6
Asset management	Summary counts per site (Camera, DVR, NVR, Hard Disk, Switch, Router, Monitor) + optional brand/model/remarks; no individual camera tracking	\$7
AMC plans	Plans (e.g. Silver/Gold/Platinum) with price, visit frequency, included services, SLA; plan versioning required	\$9
AMC contracts	Master + Terms model; one active contract per site; renewal history preserved	\$6, \$8
Service scheduling	Auto-generated visits from AMC frequency; reschedule by admin; mandatory engineer assignment	\$11
Visit management	Field evidence (selfie, GPS, photos before/during/after, signature, remarks); admin approval before customer visibility	\$12, \$13
Ticket management	Full lifecycle with priorities; created by Customer/Admin/Engineer; customer reopen	\$14
Engineer management	Engineer work queues and restrictions	\$3, \$15
Invoice management	Lifecycle Draft→Cancelled; linked to AMC Contract Term; customer PDF download	\$16
Notifications	Email + SMS on the 11 approved events	\$17
Reporting	Admin reporting module	\$2 (Admin Portal)
Customer Portal	Web + mobile self-service	\$2
Engineer Portal	Web + mobile field operations	\$2
Mobile apps	Flutter Customer App + Engineer App (engineer offline support)	\$18
PDF documents	AMC Contract PDF, Visit Report PDF, Invoice PDF	\$19

Area	Scope	Freeze ref
Platform reuse	Reuse base platform capabilities; no duplicate implementation	\$20

2. Out of scope (V1)

Per freeze \$21 — **not included**:

- Inventory Stock Management
- Purchase Orders
- Vendor Management
- Accounting (and no accounting features in invoicing, \$16)
- GST Filing
- ERP
- CRM (generic CRM beyond the approved lead/customer modules)
- Payroll
- Attendance
- Geo Tracking (continuous tracking; visit GPS *capture* remains in scope per \$12)
- WhatsApp Integration
- Payment Gateway
- AI Features

Additionally out of scope by definition:

- Individual camera/asset tracking (only summary counts, \$7)
- Modifying historical contracts when plans change (plan versioning protects history, \$9)
- Customer visibility of unapproved visit reports (\$13)

3. Approved modules (15)

Per freeze \$4:

#	Module
1	Public Website
2	Lead Management
3	Customer Management
4	Site Management
